Exit Slips

Purpose of teaching Exit Slips:

The Exit/Entry Slip strategy (Fisher & Frey 2004) helps students summarise and reflect on information learned. Exit slips give students an opportunity to review key ideas, consider essential details and summarise their thinking. Students respond to a teacher question that focuses on the learning target of the lesson. Exit slip questions can also focus on the process of learning or on the effectiveness of a teaching methodology. Student responses to these questions also allows the teacher to plan for the next lesson as the responses give an informal measure of each students’ understanding of the lesson or concept.

Explicitly teaching the use of exit slips:

Step 1

A few minutes before the end (or beginning) of a lesson ask students to respond to a question/prompt that you pose to the class related to the day’s lesson concept or information or activity e.g. Today I learned.../I don’t understand.../Please explain more about.../Three things I learned/ I need help with.../My favourite activity was.../The most important thing I learned.../The three reasons why.../The four causes/effects of...

Step 2

Verbally ask the question or put the question/prompt on the board or give each student a copy of a question card/exit slip.

Step 3

Ask students to record their answers in their copies or on the exit slip. (Student can also use post-its, index cards or notebook pages, etc.)

Collect the student responses. Sort the slips.

Step 4

Before the next class, review all of the students’ exit slips to see how the next lesson needs to be structured to meet the needs of all learners in the classroom.

* A variation on this approach is an ‘Entry Slip’.

** Students’ summarising skills can be further developed by using other NBSS strategy resources e.g. Somebody Wanted But So, Summarising Maps, 5-4-3-2-1, Get the Gist.
